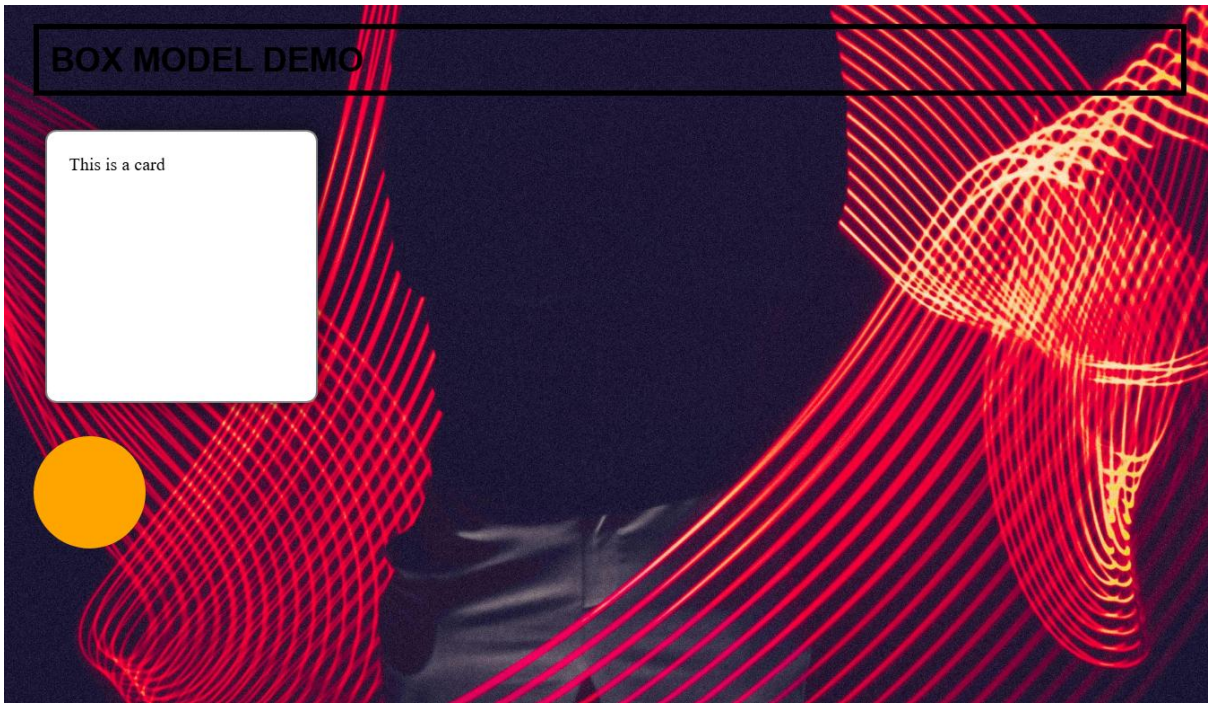
        border-bottom-color: brown;
        border-left-color: green;
        border-right-color: purple; */

        box-shadow: 0 0 100px orange;
        /* border-top-width: 10px; */
      }
    </style>
  </head>
  <body>
    <!-- <h1>Background</h1> -->

    <div>Border width</div>
    <h1>Font family</h1>
  </body>
</html>
```

Coding Exercises


1. Create a `div` with a background image that covers the entire viewport.
2. Style a heading with `font-family: Arial`, `font-size: 30px`, and `text-transform: uppercase`.
3. Add a border with different styles on each side (`dotted`, `solid`, `double`, `dashed`).
4. Create a card with padding of `20px`, margin of `30px`, and a box-shadow.
5. Make a circle using `border-radius: 50%` on a square `div`.
6. Experiment with `background-position: center` vs `top left`.
